

## **Lincoln Pipestone Rural Water**

### **Water System Supervisor**

Lincoln-Pipestone Rural Water System is seeking a service-oriented self-starter to work with LPRW management and staff to operate and maintain all aspects of a rural water system. Primary duties include planning, coordinating, and initiating a variety of tasks, including the supervision of operations staff located in the northern half of the water system. Responsible for construction activities; installation, repair and inspection of pipelines and service connections; site operations; plan reviews and permit applications. Must be able to communicate and work effectively with consultants, local/state/federal agency personnel, staff, and the public; and possess a solid understanding of computer operations, and technical expertise including basic understanding and operation of the Supervisory Control and Data Acquisition (SCADA) system. Ideal candidate will possess a MN Class C Water Operator License and/or six years of experience in the overall operation and maintenance of a water utility. Applicant must be able to work on-call schedule on a rotation basis, which includes weekends and holidays.

Lincoln-Pipestone Rural Water System supplies water to over 4,800 rural customers and 36 communities in 10 southwest Minnesota counties. LPRW offers a competitive salary and excellent benefits. A complete job description is available upon request. Submit resume to: Lincoln Pipestone Rural Water, ATTN: Jodi Greer, 415 E Benton St., PO Box 188, Lake Benton, MN 56149. Phone: (507) 368-4248; Email: [etech@lprw.com](mailto:etech@lprw.com)
